And now tonight's top story.  
Presumptive Republican nominee  
Donald Trump is holding a press  
conference to discuss his recent  
cosmetic surgeries in an attempt to  
appeal to the minority voter base.  
We now go live to Trump Tower.

DONALD TRUMP comes out to the podium. He's black.

DONALD TRUMP

Hello America, I was on the  
campaign trail and I kept getting  
all these stupid people claiming I  
was a racist. You know who can't be  
racist? The blacks. I learned this  
from my father. So I talked to my  
doctor who was a black and I said  
what do you think? And he said  
absolutely not. So I asked other  
black doctor Ben Carson, he had a  
very long winded answer, which I  
took to mean yes. I had the money,  
and I wanted the support from the  
jiggaboos. So here we are. It's  
great. It's tremendous. I love  
chicken, I love eagles, I love  
America, I still hate Muslims, and  
If you don't agree with me, I don't  
care. Also: China-

Once again, Donald Trump is here to  
discuss his recent cosmetic  
surgeries to appeal the minority  
voter base.

Donald Trump returns to the podium. He has breasts.

DONALD TRUMP

Okay, so obviously, the black thing  
went very well. Look at the  
numbers. Have you seen them? I'm  
crushing the blacks. It's  
incredible. So what's next?  
Obviously, I became a woman. Look

at these tits. They're incredible.  
Phenomenal. Amazing. Best tits  
you've ever seen. These are the  
best tits *money* can buy. And let  
me tell you, now that I'm a woman,  
I understand why we get paid less.  
And I can say that. Because I am a  
woman. It's great. Also, also, and  
I would never say this...cunt-

The tape cuts out again.

NEWSANCHOR

NO! I'm not going to him again!  
It's our fault this is happening.  
It's ridiculous. No I won't do-

He is suddenly cut off as if on mute as Trump once again  
waddles on stage. He only has one breast and he clutches his  
crotch.

DONALD TRUMP

Okay, almost everyone in America  
supports me...what am I missing?  
The support of the  
LGBTlmnop-community. I need to  
appeal to these transformers and  
rally the support of influential  
he-shes like Caitlyn Jenner and  
Optimus Prime. By transforming back  
into a man I'm turning my tight  
beautiful vagina inside out into an  
incredible dick. It's gonna be  
majestic. It's gonna be *huge*.  
You've never seen a dick that use  
to be a pussy that was a dick  
that's gonna be this huge. I got  
the best guys on it. Bigly. And let  
me just say this, let me say this,  
I don't identify as a black man,  
white woman or an asian lizard, I  
identify as the president of the  
United States. Commence rioting.

END.
